Thermometrical Report.

During the month of May, 1872, the daily mean averaged thermometer was as follows at Fort Yuma:

At 7 o'clock a. m.	74
" 2 " p. m.	95
" 9 " p. m.	78
Daily mean	82 1/2
Average maximum	96.40
Average minimum	64.30
Average for day and night	80.23

ANNOUNCEMENTS.

For Sheriff.

I hereby announce myself as a candidate for the office of SHERIFF of the County of Yuma, at the approaching November election.
H. E. LINDSEY.

CARELESSNESS.—Last Wednesday night, as Lord Williams' train was leaving town with a large freight, one of the wagons was run into a mud hole and there capsized, scattering goods in all directions. The day following, all the available Mexican women that could be found about town was employed in washing and cleaning calicoes, silks, laces, jeans, and many other articles of goods which were damaged.

The loss will be no less than \$1,000.

PRIVATE SCHOOL.—We are pleased to be able to announce to our resident readers that Miss Bishop has been induced to open a private school for children, which she did last Monday with more than ordinary success. Miss Bishop is an excellent teacher, and parents having children fit for school should take advantage of this rare opportunity.

INCREASING.—The rations to the Indians, at Fort Yuma, has materially increased since last month. On Monday and Tuesday last, eighteen camps were furnished with seven pounds of flour to each man, woman and child, instead of two pounds for the month of May.

For the first time in seven months, we are informed, there are no officers at Fort Yuma but those belonging at that post. How it is that an officer, receiving only a Captain's pay, can support a family and entertain army bummers all the year round, is what we can't comprehend.

Arrival of Capitan "Sun" and his Prisoner.

Capitan "Sun," of the Cocopah tribe of Indians, arrived in town last Monday, bringing with him a young Indian, an Apache-Cocopah, whom he supposed to have been connected with the murder of John H. Whitney. Clarence Gray, Esq., District Attorney, was notified of the presence of Capitan "Sun" and his mission. The Territorial Courts having no jurisdiction in the premises, the Dist. Atty. made arrangements with Capt. MacGowan, commanding Fort Yuma, to take the party into custody. Upon examination, it turned out, or was made to appear, that the prisoner was not the murderer of Whitney, but a brother of the murderer, and the object of Captitan "Sun" in arresting him was in obedience to some tribal law which dictates that "if the real perpetrator of a crime cannot be found, his next kin shall suffer the penalty of his crime." Capt. MacGowan and the District Attorney, not thinking this in consonance with the more humane laws of our country, refused to take measures to impose on the party in custody the penalty that our law prescribes. The party, however, is still held in custody at Fort Yuma, there to await further developments.

Baker is about to put on his own freight train to San Diego. *

INSANE.—Tim Manion, who has been confined in the county jail for the past two or three weeks as a lunatic, was sent before T. J. Bidwell, Probate Judge, at Ehrenberg, in charge of Marshal F. Townsend, where he was examined by Dr. Ames and pronounced a maniac. Judge Bidwell appointed H. Alexander, of this town, as guardian over the unfortunate man's property, and recommended the Board of Supervisors to order him to Stockton, where arrangements have been made with the asylum to keep our patients. The Marshal, with his charge, returned from Ehrenberg yesterday, on the Mohave.

PERSONAL.—Who had the pleasure of meeting with J. R. Estell, who arrived here by steamer Newbern last week. Mr. Estell is just from New York, and is now on his way to Mohave, where he goes to examine the mines.

MONEY ORDER BUSINESS.—The money order business in Arizona City, for the week ending June 1st, was \$1,342 50, and for the six days following, \$1,350.

Crevasse.

The levee put on the Gila river bank, to prevent the water from overflowing that portion of town near the river mentioned, gave way to the immense volume of water bearing upon it yesterday afternoon. The excitement was intense. People rushing to and fro; wagons, carts, and other vehicles, running up and down, carrying dirt to protect buildings, moving families, etc., made the scene quite a lively one. There are several new buildings in the neighborhood of Gila and Second streets which, as necessary precautions were not taken in season, will be liable to go with the water. The store of Neisen & Co.—the flag store—will not stand this flood, in our opinion; the water has already soaked through into the cellar. This morning, Gila street, and all that portion of town known as the Rincon, as far up as Second street, is separated from the main town by a sheet of water nearly 40 feet wide, and both the Gila and Colorado rivers are rising fast, and are not likely to stop for some time. This overflow, it is predicted by "the knowing ones," will by far exceed any heretofore experienced here.

California port wine at Baker's.*

River News.

The Cocopah arrived from Ehrenberg on Monday afternoon, at 4 1/2 o'clock, with 660 sacks of Castle Dome ore, for shipment to San Francisco.

At daylight, on Wednesday morning, the same boat left for Mohave, with government and through freight from the steamer Newbern.

The Mohave arrived from Ehrenberg on Monday morning, at 11 1/2 o'clock, with 440 sacks Castle Dome ore, for shipment to San Francisco.

The same boat left for Ehrenberg at 11 1/2 a. m., on Tuesday, and returned yesterday at 11 o'clock a. m., with 61 hides for shipment to San Francisco.

She left again for Ehrenberg at daylight this morning.

BUSINESS.—The mercantile and forwarding house of Wm. B. Hooper & Co., have forwarded during the present week, 133,000 pounds of assorted merchandise to different consignees at Tucson, besides a large lot to Ehrenberg and Mojave. The trains of Juan Fernandez, Geo. Newson & Co., Jas. Quinlan, A. Sheen, and L. & W. had charge of the freight, and from what we have seen of the teams, we have no doubt the consignees will receive their goods in time, if not before.

List of Letters.

The following is a list of letters remaining in the Post Office at Arizona City, June 7th 1872:

Alexander, J	Hamilton, Jno
Burns, George	Herbert, Nelson
Brown, Mrs L A	Helm, C E
